

CONCRETE De-Scale

CONCRETE REMOVER - EXTRA STRENGTH

Product # 190

DESCRIPTION

CONCRETE DE-SCALE removes excess concrete from hard surfaces such as metal, ceramic tiles, construction tools and equipment.

Contains inhibitors to protect surfaces. Non-flammable, non-explosive. Extra strength formula.

In proper dilution CONCRETE DE-SCALE will convert concrete and cement into soluble salts. 100% active, requires minimum amount of CONCRETE DE-SCALE to achieve maximum results.

Biodegradable wetting and emulsifier agents, quickly penetrate and emulsify soil and grease on heavily used concrete areas. Holds soil in suspension for easy rinsing.

USAGE

CONCRETE DE-SCALE can be used for removing cement, lime, concrete and rust from metal equipment trucks, forms, shoves, etc. For cleaning radiators and cooling systems. For removing scale and corrosion from dishwashing machines. For cooling towers and water circulation systems. For hospitals autoclaves, fountains, shower stalls, swimming pools, etc. For cleaning rust stains from concrete and terrazzo surfaces, removes water scale, rust, algae, calcium deposits and discolorations. For cleaning and brightening water meters and components, brass, bronze, and copper fixtures.

DIRECTIONS

Can be diluted with up to 5 parts water. Can be used by immersion or by circulation. Spray or brush it on. Watch it go to work. Agitate surface with brush and rinse with water.

This acid cleaner contains inhibitors, thus is safe on metals for removal of rust, corrosion and scale from iron, steel, copper, and bronze.

Avoid contact with skin and eyes. Wear gloves on light jobs. Do not store in metal containers. Use only plastic, glass or rubber-lined containers.

PRODUCT SPECIFICATIONS

APPEARANCE	Pink, clear liquid
SHELF LIFE	1 year
WEIGHT / Gallon	10 lbs.
SURFACTANT	Biodegradable
PHOSPHATES	None
FLASH POINT	None
pH IN CONCENTRATE	1
PACKAGING	55- 35-15 Gallon drums 5 Gallon pails Cases of 6/1 Gallon jugs

SAFETY INFORMATION

CAUTION: CONTAINS ACIDS

AVOID CONTACT WITH SKIN AND EYES. DO NOT TAKE INTERNALLY. KEEP OUT OF REACH OF CHILDREN.

EXTERNAL: Wipe off the acid gently, immediately flood the surface with water, using soap freely. Then cover with moist magnesia or baking soda.

EYES: Flush with plenty of water at least 15 minutes, use a borate solution to neutralize. Call a physician IMMEDIATELY.

INTERNAL: Drink a teaspoonful or more of milk of magnesia, chalk, whiting or wall plaster or small pieces of soap softened with water, in milk, mucilage, or raw egg white. Call a physician IMMEDIATELY.
