

# Instant Hand Sanitizer Antiseptic Gel

Product # 261

## DESCRIPTION

We know how important good health is to you and your family. Hand washing and the use of hand sanitizers when soap and water are not available is one of the easiest and most important actions you can take to prevent the spread of germs in any environment, home, work, school, play. Instant Hand Sanitizer is a very practical alternative to hand washing which kills 99.99% of most common germs that may cause illness. Works in as little as 15 seconds. No water or towels needed. Helps prevent the spread of dangerous germs by practicing good hand hygiene. Contains moisturizers and emollients to leave your hands soft and refreshed.

## USAGE

Recommended for household, commercial, institutional, educational and industrial use to decrease bacteria on the skin. Specially recommended for Hospitals, Clinics and Health Care Facilities, Food Processing Plants, Schools.

## DIRECTIONS

Wet hands thoroughly with product. Briskly rub hands together until dry. Supervise children in the use of this product.
