

Bilge Barge CLEANER

NON-FLAMMABLE & NON-POLLUTING
BIODEGRADABLE - NON-TOXIC
EFFECTIVE IN SALT WATER

Product # 540

DESCRIPTION

One product for all your degreasing needs! BILGE & BARGE CLEANER is a multi- purpose product used to clean boat bilge systems without scrubbing. BILGE & BARGE CLEANER will not harm fiberglass, metal or plastic and is an effective engine degreaser. Cleans boat marine bilges, machinery, parts, equipment, decks and is great for engine degreasing and engine rooms. Concentrated and economical for use in marinas and garages.

BENEFITS

- * **DISSOLVES ANY SLUDGE, GREASE OR SOILS**
- * **NON-TOXIC & BIODEGRADABLE**
- * **NON-CORROSIVE TO METALS**

DIRECTIONS

Can be used in pressure washers, steam cleaners or by hand. **Bilges:** 1 gal. per 100 gal. of bilge water; for heavy build up, increase quantity as needed. **Decks:** Dilute 1 gal. per 50 gal. of water; will not harm painted surfaces. **Engine Rooms:** For engine degreasing, dilute 1 gal. with 15 gal. of water, spray or brush on, agitate, rinse off. **General Degreasing:** Dilute 1 gal. with 30 gal. of water.

FOR CLEANING BILGES: Turn off the bilge pump before cleaning. It helps prevent tainted bilge water from being pumped overboard. Pour adequate cleaner quantity into the bilge area and scour. Use a brush for hard-to-reach areas. If your vessel allows access, don't forget to check and clean the limber holes as they become encrusted with grease, oil and marine gunk. Wait a few minutes to allow the bilge cleaner to do its job before vacuuming the dirty bilge water from the craft. Rinse the bilge area well. Dispose of contaminated bilge water according to Federal, State and Local regulations.

PRODUCT SPECIFICATIONS

APPEARANCE	Clear blue liquid
ODOR	Solvent like
FLASH POINT	None, non-flammable
pH IN CONCENTRATE	13.0
WEIGHT / Gallon @ 77°F	9.00 Lbs
WATER SOLUBILITY	Total
SHELF LIFE	1 Year plus in unopened container
PACKAGING	55 Gallon drums 5 Gallon pails Cases of 6/1 and 4/1 gallon jugs
